

SR 520
West Lake Sammamish Parkway to SR 202
King County

**SEPA Addendum to the Final
Environmental Impact Statement**

By the

Washington State Department of Transportation

The Washington State Department of Transportation has determined in accordance with WAC 197-11-600(4)(c) and WAC 197-11-625 that the proposed project will have no significant adverse effects to the environment.

This finding is based on the SEPA Addendum to the 1992 Final Environmental Impact Statement (EIS) SR 520, *Old SR 901 Interchange to SR 202* and other documents and attachments as itemized in this Addendum. These documents have been independently evaluated by WSDOT and determined to accurately discuss the project purpose, need, environmental effects of the proposed project as well as appropriate mitigation measures. It provides sufficient evidence and analysis for determining that a supplement to the EIS is not required.

WSDOT takes full responsibility for the accuracy, scope and content of the Addendum.

Date of Approval

For WSDOT

Americans with Disabilities Act (ADA) Information

If you would like copies of this document in an alternative format—large print, Braille, cassette tape, or computer disk—please call (360) 705-7097. Persons who are deaf or hard of hearing, please call the Washington State Telecommunications Relay Service or Tele-Braille at 711 or Voice 1-800-833-6384 and ask to be connected to (360) 705-7097.

Title VI of the Civil Rights Act of 1964

The Washington State Department of Transportation (WSDOT) ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin, or sex in providing benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program, contact the WSDOT's Title VI Coordinator at (360) 705-7098.
